Think Smarter, Buy Better, Go Green..

Here's a few reasons why we think you should buy

The Big Green Bottle Pillow

1. **The Big Green Bottle Pillow** comes packaged in Epi – Degradable Plastic, rather than the traditional PVC Bags other companies are using.
2. We offer a **100% money back guarantee** within the first 5 days of receiving your product. So if you're unhappy, simply give us a call and we will re-fund you your money.
3. The **100% cotton sateen cover** offers a luxurious feel, whilst maintaining great neck and spine support.
4. This pillow performs identically to a **Microfiber pillow**, but the filling is 100% recycled.
5. This pillow is **perfect for allergy sufferers** as it is hypoallergenic, anti-bacterial and odorless.
6. This pillow can be **machine washed and dried**, so it's easy to keep fresh all year round.
